

Name _____

LEARNING FROM PHOTOGRAPHS:

What can a photo tell us about life in Michigan?

Part 1: A First Look...

Title of Photo: _____

Describe what you see (and do not see) in the photo.

- What does the scenery look like?
- What are the people doing? What objects or tools are they using?
- Are there inventions we have today that you don't see in the photo?

Part 2: Looking Closer...

Think about how people interact with the natural environment in this photo.

- What natural resources have people used?
- How have people adapted to the weather?
- How have people changed the environment?
- How have people adapted to the environment as it is?

Part 3: Think About It...

Use your background knowledge and experience to answer these questions.

- Why are the people doing the activity in the photo? How does this activity help them?
- How would you feel if you were one of the people in the picture, doing this activity?
- If a photo were taken in the exact same place fifty years before, what would look different?
- If a photo were taken in the exact same place today, what would look different?

SMALL GROUP RECORDING SHEET

Names of Group Members: 1. _____
2. _____
3. _____

Part 1: A First Look...

Choose one question from this section, and answer it in a complete sentence.

Part 2: Looking Closer...

Choose one question from this section, and answer it in a complete sentence.

Part 3: Think About It...

Choose one question from this section, and answer it in a complete sentence.
